South kickers earn state berth—again

By PETE HAYES

GRANITE CITY — The scene was the same. Only the faces were different. Late Friday afternoon, with the sun sinking in the west, it was a familiar sight on the Granite City South soccer field.

The victory by South keeps Granite City's string alive. Since the state soccer playoffs began in 1972, Southern Illinois has been

represented only by teams from Granite City in the finals. South's Warriors had to depend on two second half goals to beat Quincy. But they clearly controlled the tempo of the game from the outset.

"I think they (South's players) were tight early in the game," said South head coach Gene Baker. "That could account for our not being able to get on top in the first half."

Not that the Warriors didn't have their chances. In fact, it could have easily been 2-0 after the first three minutes. South's Billy Heney narrowly missed connecting with a crossing pass early in the first quarter. A shot by All-American David Fernandez was right at the Quincy goalie in the second quarter.

But finally, with 2-0 remaining in the third period, South sophomore Tony Segobiano headed a free kick by Fernandez into the right-hand side of the goal giving the Warriors the lead. The shot appeared to have gone in off a pair of Quincy defenders. "I think it went in off the defense," said Segobiano. "But all I really know is that it went in. That's what counts."

Segobiano's goal marked only the second time in post-season tournament play that someone other than Fernandez scored for South, even though the Warriors' all-everything player did get an assist on the play.

Democrats prevail in Quad-City area

By BILL WINTER

Quad-Cityans remained true to their Democratic voting pattern in last week's general election. But the landslide national victory by President-elect Ronald Reagan, a conservative Republican, was a severe test of local residents' party allegiance.

President Jimmy Carter spoke in Granite City only the day before the election, urging that he be re-elected, but the Democratic chief executive was deserted by voters in 23 of the 67 Quad-City area precincts.

Mr. Carter's lead at 44 local voting places included 25 in Granite City, seven in Nameoki Township, all 11 in Venice Township and only one in Chouteau Township. Mr. Reagan, meanwhile, led at 12 polling places in Granite City, five in Nameoki and six in Chouteau.

With the computer now functioning at the Madison County Courthouse, detailed precinct tallies that became available Thursday afternoon show Pres. Carter receiving 14,257 votes in this community to 11,116 for Pres.-elect Reagan and 779 for independent John B. Anderson.

As was determined on the election night, Reagan led countywide with 50,739 to 43,404 for Carter and 4,161 for Anderson.

A breakdown of the Carter-Reagan-Anderson figures follows: Granite City 7,404 Carter to 6,335 Reagan and 496 Anderson; Nameoki Township 2,312 to 2,448 to 141; Venice Township 3,208 to 765 to 90; and Chouteau, 1,333 to 1,568 to 89.

Thus, the Republican standard bearer not only did extremely well in Granite City but actually carried Nameoki and Chouteau, while sustaining an expected loss in heavily Democratic Venice Township (Madison and Venice area).

Unofficial tabulations show that 27,291 Quad-Cityans voted, including 14,973 in Granite City, 5,060 in Nameoki, 4,165 in Venice Township and 3,093 in Chouteau.

Top vote-getter here other than in cumulative Illinois House of Representatives balloting was Circuit Judge A. Andreas Mateosian, unopposed Democrat, with 19,196 (10,154 GC, 3,455 N, 3,541 V and 2,046 Ch).

While being elected as a Democrat to the Moran appellate judge position, Moses Harrison garnered 18,738 votes here (9,800, 3,393, 3,520, 2,025).

Mateosian totaled 63,982 in Madison County and Harrison tallied 44,468. Congressman Melvin Price (D) led local voting among the offices where there was opposition.

He received 18,774 to 7,297 for Ronald DeYoung (R)—9,980 to 4,201 GC, 3,320 to 1,565 N, 3,487 to 526 V, 1,977 to 1,005 Ch.

In Madison County, the Democrat led 44,192 to 24,745 (only part of this county is in the 22nd Congressional District). Districtwide, Cong. Price won 107,106 to 59,617, not counting Godfrey Precinct 10, whose tally will be part of the official canvass but was sealed before it could be included in the unofficial total.

The totals in this article are larger for State Representative Everett Steele, Madison County Coroner Dallas Burke, corner rival Felicia Koch, County Auditor Arthur Fields, auditor opponent Larry West and the Scavenger Act amendment voting than the county figures that were available for the Nov. 6 issue.

Rep. Steele (R) totaled 60,191 in the 5th District, including 37,996 in Madison County. Also elected were Rep. Sam Wolf (D) with 61,354 (56,599 Madison County) and Rep. Jim McPike (D) with 57,889 (53,769 Madison County). Joseph Frano (R) trailed with 24,154 (22,373 Madison County).

Quad-City area voting provided 27,278

for Wolf, 22,435 for McPike, 19,165 for Steele and 7,779 for Frano. In the same order: GC 14,695 to 11,413 to 11,301 to 4,119; Nameoki 4,870 to 3,876 to 4,009 to 1,611; Venice Township 5,504 to 4,697 to 1,353 to 958; Chouteau, 2,809 to 2,448 to 2,471 to 1,091.

Mrs. Burke (D) was re-elected as coroner 54,430 to 40,921 for Dr. Koch (R).

The Quad-City, Granite City, Nameoki, Venice and Chouteau tallies for coroner were 14,907 Burke to 10,722 Koch, 5,759 to 6,398, 2,511 to 2,260, 3,185 to 790 and 1,632 to 1,274.

Auditor Fields (D) won in Madison County 49,796 to 42,821 for West (R), including 221 of 222 precincts. Their tallies included: Q-C 16,625 to 8,214; GC 8,820 to 4,724; N 2,489 to 1,787; V 3,320 to 519 and Ch 1,594 to 1,184.

Considerable interest developed in the competition for Madison County state's attorney, won by Don Weber (R) with 48,162 (including all precincts unofficial figures) to 47,546 for the incumbent, Nicholas Byron (D).

A Byron-Weber breakdown: Q-C 15,126 to 10,147; GC 7,993 to 5,856; N 2,522 to 2,199; V 3,213 to 729 and N 1,498 to 1,373.

Resuming the 221-precinct listings, Circuit Clerk Willard Portell (D) gained re-election with 51,610 votes to 41,847 for William Hardin (R)—Q-C 17,667 to 8,030; GC 9,382 to 4,648; N 3,107 to 1,688; V 3,400 to 565 and Ch 1,798 to 1,129.

Recorder of Deeds Ronald Lucas (D) won another term, polling 51,815 to 41,997 for Joseph Young (R)—Q-C 16,983 to 8,149; GC 8,973 to 4,662; N 2,924 to 1,797; V 3,364 to 567 and Ch 1,722 to 1,153.

Both Illinois Constitutional amendments won statewide and here. Reduction of the Illinois House from 177 to 118 members led in Madison County 34,743 to 21,305—Q-C 7,617 to 6,786; GC 4,200 to 3,896; N 1,508 to 1,247,

V 890 to 1,058 and Ch 1,019 to 785.

Shortening of the period in which delinquent property can be bought back by the owner was led 29,511 to 17,453 in this county—Q-C 7,116 to 4,515; GC 4,107 to 3,381; N 1,336 to 992; V 802 to 568 and Ch 871 to 574.

Democrat Alan Dixon ran strongly here in winning the U. S. Senate race over Republican David O'Neal.

The Dixon-O'Neal tallies: Madison County 55,564 to 41,408; Q-C 17,539 to 8,266; GC 9,234 to 4,778; N 3,081 to 1,769; V 3,404 to 978 and Ch 1,820 to 1,141.

Although Republican Thomas Welch is the apparent Eberspacher appellate judge victor, Democrat Robert Mays led in the Quad-City area 10,142 to 9,911—GC 6,699 Mays to 5,111 Welch, N 2,605 to 1,968; V 3,274 to 613 and Ch 1,504 to 1,219.

Circuit Judge Victor Mosele failed to gain retention (50 percent support), totaling 40,754 yes votes to 34,695 no votes in the Third Circuit, including 37,831 to 33,229 in Madison County—Q-C 10,537 to 9,268; GC 5,455 to 4,518; N 1,970 to 1,684; V 2,345 to 601 and Ch 1,177 to 1,065.

By a much closer margin, Circuit Judge John DeLaurenti also is thought to have lost out for retention. His yes-no totals were 43,360 to 29,805 in the circuit, 38,831 to 28,344 in Madison County, 10,688 to 7,181 in the Quad-Cities, 5,212 to 4,091 in Granite City, 1,896 to 1,540 in Nameoki, 1,845 to 998 in Venice Township and 1,115 to 952 in Chouteau.

Judge Harrison gained circuit judge retention 50,861 to 18,488 in Madison-Bond counties but will resign, having also been elected to the appellate bench.

Harrison had a yes-no margin of 48,426 to 17,550 in Madison County—Q-C 13,000 to 4,317; GC 7,119 to 2,343; N 2,478

to 922; V 1,982 to 425 and Ch 1,421 to 627.

Illinois Supreme Court Justice Joseph Goldenhersh gained retention, including a Madison County victory by 19,345 to 18,640—Q-C 13,090 to 4,562; GC 7,138 to 2,557; N 2,484 to 954; V 2,059 to 119 and Ch 1,408 to 641.

Three Madison County tax rate proposals were approved, involving a federal matching fund, 49,062 yes to 19,306 no; a bridge fund proposal 47,886 to 19,656 and a highway fund tax cut, 47,728 to 20,333.

Local breakdowns follow: Matching fund, Q-C 11,485 to 5,438; GC 8,414 to 2,788; N 2,451 to 1,073; V 1,066 to 953; Ch 1,554 to 624.

Weber wins by 560

It's official. The formal canvass of election returns shows Republican Donald W. Weber of Conwayville winning as Madison County state's attorney by 560 votes over the incumbent, Democrat Nicholas G. Byron of Evansville.

The official canvass, completed Friday afternoon at the Courthouse, lists Weber as totaling 48,139 votes or 50.29 percent to Byron's 47,579 or 49.71 percent.

With 102,946 ballots cast in this county's 222 precincts, President-elect Ronald Reagan (R) tallied 51,160 or 51.10 percent to 43,860 or 43.81 percent for President Jimmy Carter (D) and 4,206 or 4.20 percent for independent John B. Anderson. Libertarian Ed Clark received 617, Barry Commoner of the Citizens Party 164, Clifton DeBerry of the Socialist Workers 60, Communist Gus Hall 35 and Deirdre Griswold of the Workers World, 22.

U. S. Senator-elect Alan J. Dixon (D) captured 56,034 votes or 56.78 percent of the Madison County total to 41,751 or 42.31 percent for David C. O'Neal (R). Bruce Green garnered 392, Sidney Lees 249, Charles F. Wilson 112, Burton Lee Artz 77 and Michael Soriano, 63.

Closest county race other than the state's attorney competition was for the position of Madison County auditor. In addition to Republican Weber's triumph, four Democratic incumbents were victorious countywide.

Auditor Arthur Pete Fields won with 50,038 or 53.69 percent to Larry West's 43,890 or 46.31 percent. Recorder of Deeds Ronald P. Lucas received 52,081 or 55.13 percent to Joseph L. Young's 42,384 or 44.87 percent.

Circuit Clerk Willard V. Portell prevailed with 53,891 or 56.08 percent to William Hardin's 42,210 or 43.92 percent. And Mrs. Dallas M. Burke, coroner, won with 54,801 or 57.08 percent to Dr. Felicia Koch's 41,190 or 42.92 percent, the canvass showed.

In Madison County Board voting, four Quad-City Democrats won, without opposition. Herbert "Junior" Milton received 1,467 votes in District 22, Roderick Bauder 2,268 in 23, Frank

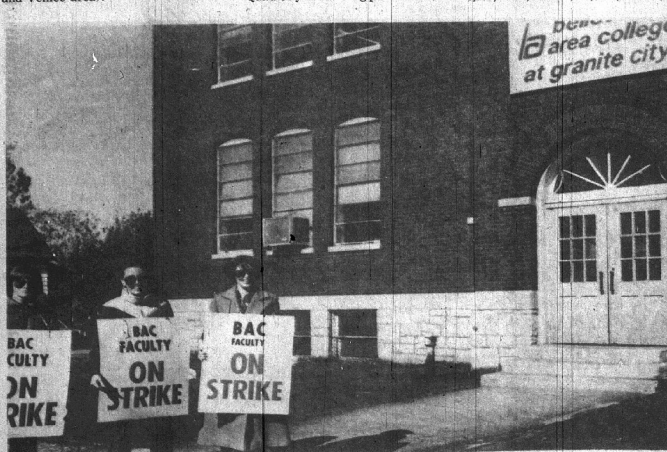

Dutko 2,192 in 24 and Richard L. Peck 1,684 in 25.

Also opposed for the County Board were H. Jack Frandsen (D) with 2,626 votes in District 3, Homer Henke (R) with 2,927 in 4 and William L. "Bill" Little with 1,867 in 7.

The eight other board positions up for election this year attracted partisan rivalry, with Republicans winning two of the contests. O. A. "Pat" Weindel won in District 1 with 2,422 or 53.94 percent to Democrat Thomas A. Hill's 2,068 or 46.06 percent. And Dorothy B. Spence with 1,902 votes or 50.49 percent defeated District 9 Democrat Richard Hugh Worthen, who totaled 1,850 or 49.31 percent.

Democrats winning County Board races Nov. 4 included: District 2, Alvin J. Dunstan 2,731 or 58.68 percent to Earllyn L. Detmer's 1,923 or 41.32 percent; Dist. 14, James J. Stalcup 2,233 or 53.17 percent to Donald W. Ernde's 1,967 or 46.83 percent; Dist. 17, Donald W. McLean 2,685 or 66.39 percent to Harry R. Lewis' 1,359 or 33.61 percent; Dist. 18, Charles F. Bode 2,079 or 51.09 percent to Kermit Leu's 1,991 or 49.92 percent.

Precoat plant access road, water treatment

With construction proceeding on the new plant of the Precast Metals Division of Chromalloy American Corporation, two actions were taken by the City Council last week to expedite the completion of work.

The council approved dedication of a proposed access road as a public street, at the request of Illinois Power Company, developer of the Highway Three industrial park within which the Precast plant is being built.

The utility will maintain the new road for one year following its construction. After the year, the City of Granite City will assume responsibility for maintaining the street.

Attorney Leo Konzen, representing the developer, said it is hoped that the street eventually will connect with a number of industries within the new industrial park, which is situated west of Route Three and south of Interstate 270.

Dedication of the future road connecting Route Three with the industrial park was authorized in a 120 vote by the aldermen.

The link with the highway has received the approval of state and federal highway officials, it was noted during the council meeting.

The aldermen filed a Precast Metals report outlining its plans for water pollution treatment.

A 4,000-gallon tank will be installed to batch-treat

concentrated waste. There also will be a two-story neutralizing tank, a flash mixing tank, a flocculation tank, a 14-foot-diameter circular clarifier and related piping.

The treatment facility will process 95,000 gallons of water a day.

Terrence McMillan, superintendent of the city sewage treatment plant, described the Precast plan as "good news" for the municipality in that a large volume of water will be pre-treated before becoming the city's treatment task.

In an unrelated matter, the city took note of an Illinois Commerce Commission order allowing an Illinois Terminal Railroad crossing on Route Three-300 feet south of Ponton Road to connect with a new Tri-City Regional Port railroad marshaling yard.

Reflectorized crossbucks will be installed at the crossing initially, followed by ITR-financed electric flashing signals, Mayor Paul Schuler related.

The Street and Alley Committee will study a request by Prairie Farms Dairy to create four driveways with a total width of 140 feet on Adams Street between Niedringhaus Avenue and 19th Street.

The proposal from the dairy noted that it has lost its 19th Street access due to the progress of construction work on a new freight overpass carrying vehicles over railroad tracks.

The mayor praised the dairy's cooperation with the overpass project and said the firm apparently does not wish to buy or otherwise acquire Adams Street near the dairy.

The possibility of selling the street to aldermen this fall, and the discussion continued last week with differing opinions on whether it would be legal for a company to pay for acquisition of a public street.

Seventh Ward aldermen will review a proposed street light installation design with residents of Mercer Drive, at the request of Illinois Power Co.

Requests for permits to install three mobile homes were referred to the City Plan Commission for study and recommendations. They would be located in the 700 block of North 26th Street, the 2600 block of Cayuga Street and the 2400 block of Missouri Avenue.

Grand jury to study shooting

A spokesman for the Madison County Sheriff's Department said that no charges have been filed against a man who allegedly shot and killed Frank A. Southall, 31, of 208 Eagle Park Acres, at 12:10 a.m. Thursday, pending study of the circumstances surrounding the shooting by a Madison County grand jury on Thursday.

The grand jury will be asked to determine whether the man who shot Southall should be indicted or whether the shooting was legally justified.

Veterans' Day events planned for Tuesday

Two Veterans' Day programs, one on the lawn of the Granite City Hall, and the other in Wilson Park, will honor veterans on Tuesday.

At 11 a.m., Amvets Post No. 51 and Auxiliary will hold a brief ceremony on the City Hall lawn. Americanism chairman of the Auxiliary, Mrs. Betty Wilkins, will be the master of ceremonies.

Among the groups participating will be the Navy Mothers of America, Unit 850, Girl Scout Troop 359 from Emerson School, Cub Scout Pack 46 of Namsok School, the Illinois-Missouri Rebel Squadron United States Submarine Veterans of World War II and Auxiliary, Tri-City American Legion Post 113 and Auxiliary and the Veterans of Foreign Wars, Post 1300 and Auxiliary.

Special guests will include: Nick Torregrossa, 25th District Amvets commander, Joseph Glik, Major

Larry G. Winchester and Granite City Mayor Paul Schuler.

Scott Air Force Base will furnish a color guard.

At 9:30 a.m. tomorrow, there will be a ceremony at the fighter plane in Wilson Park, arranged by veteran Steve Konkovich. The ceremony includes a contest for a \$100 savings bond for a city resident displaying the United States flag at his home.

Konkovich explained that names from the city directory will be chosen at the ceremony and someone will be dispatched to that address to see if the flag is flying. If not, another name will be selected and the process repeated, until the bond is awarded.

Joe Glik of Glik Department Stores has donated the savings bond for the Flag Flying Contest. The fighter plane has been repainted by Konkovich and a young volunteer for the ceremony, which also will involve local military recruiters representing the Army, Navy, Marines and Air Force.

Strongarm robbery

At about 9:40 a.m. Friday, a man in his early 20s walked over to Evonne Broada, Collinsville, on the playground area of Dunbar School and said, "Good morning. Give me your purse." He then grabbed the purse and ran north on West Third Street, the victim told police.

She gave chase, but the assailant reportedly pulled a handgun from his pocket and pointed the trigger twice. The gun either was not loaded or it misfired.

The victim, a day care center worker, said her purse contained \$3 in cash, a checkbook and other personal papers.

The strong-armed robber was wearing a navy blue jacket with a hood on it, weighed about 170 to 180 pounds and was about 5 feet, 7 inches tall.

State may get new park

SPRINGFIELD — A major new state park, enclosing more than 4,300 acres and featuring a man-made lake covering 586 acres, may be in the works for northern Illinois.

Conservation Department officials have asked Gov. James R. Thompson for his commitment to the multi-million-dollar project, which would be located on Waddams Creek, 12 miles west of Proserpio. It would absorb within its boundaries the existing 700-acre Le-Aqua-Na State Park, but the existing Lake Le-Aqua-Na would not be absorbed into the new lake, which would be located downstream from the existing lake.

Conservation Director David Kenney and Associate Director John Comerio have met with Thompson to spell out the plan for the site, which was chosen after an evaluation of between 60 and 100 northern Illinois areas with potential for water-based recreational development.

The proposed Waddams Creek site would include a small-craft marina with a concession building for boat sales and rentals, boat docks and ramps, and a parking area, as well as a sand swimming beach with bathhouse-snackbar, picnic sites and parking, and boat access areas with ramps, docks and parking. There would be a campground with 400 sites, shower buildings, a wading beach and boat docks, and an equestrian area with stables, campsites and parking.

An extensive network of hiking, cross-country skiing, horseback riding and snowmobile trails would be included, along with upland and forest game hunting areas.

To provide the site and programs, the department says 3,560 acres would be acquired by the department and 25 to 50 acres along the stream would be protected by easements to maintain the water quality of the proposed lake. The lake, spokes-

men say, would be three times the size of Pierce Lake at Rock Cut State Park, and would be the second largest impoundment to be constructed by the department. It would have an average depth of 15 to 20 feet, with only a small percentage of its area five feet deep or less. It would also offer 15 miles of irregular shoreline with "good to excellent" water quality.

The department has long recognized the need for a new park with a large lake in northern Illinois. Kenney said, but said lack of funding so far has blocked meeting the need. "If the Waddams Creek project is to go beyond the planning stage into actual land acquisition and construction," Kenney said, "the department needs the support of the governor and state Legislature to secure the required funds. The site is highly desirable from numerous viewpoints, but the department cannot proceed without the needed funds."

South kickers

over his head. Midway through the second quarter, he was shown a yellow card by the referee after allegedly kicking dirt on the Quincy goalie as he prepared to take a goal kick. "I think it was kind of an innocent play," said Baker of the diminutive Fernandez. "David's not the kind of player who goes around looking for trouble. He's taken too much punishment (from the opposition) the last four years for that."

After Segobiano's goal, South took total control. Before the goal, the Warriors played in a daze. "The goal

sort of loosened us up," said Baker. "But time can work against you. The longer we are kept off the scoreboard, the better off Quincy is."

Quincy head coach Dick Stewart agreed. "Once South scores, they're tough," said Stewart, whose Blue Devils lost to South 3-0 on the same field earlier this season. "We felt we had to score first to win."

Did Baker fear a letdown after his team's 2-0 victory over arch-rival Collinsville in the Sectional semifinals? "We don't believe in

that," he said. "We tell them (South's players) before the game that there can't be a letdown."

"I've touted Quincy from the beginning of the season as a team to beat. They beat Springfield Southeast (in overtime on penalty kicks) in the sub-sectional and Southeast was one of the tougher teams up there (in Central Illinois)."

"Everybody in town has been raring to go (to the State Finals). But I just wanted to make sure we were going with them."

In the Madison County portion of the 5th Appellate District, Thomas M. Welch (R), the apparent winner, led with 46,338 or 50.23 percent to Democrat Robert Mays' 45,914 or 49.77 percent.

Moses W. Harrison (D) captured the other appellate judgeship without opposition, tallying 65,185 in this county.

In the Madison County part of the 3rd Judicial Circuit, A. Andreas Mateosian (D) attracted 64,682 votes.

Joseph H. Goldenhersh, who gained retention on the Illinois Supreme Court, received 48,167 yes votes or 71.69 percent in this county to 19,023 no votes for 28.31 percent. A 60 percent affirmative vote was needed.

Park plans Yule Ideas Festival

On Saturday, Nov. 22, the Granite City Park District will sponsor its third annual Christmas Ideas Festival at the Nameoki REcreation Center, Franklin and Ames Avenues.

The program is free to the public and the hours will be from 10 a.m. until 4 p.m.

The show is designed to display and sell crafts, gifts, decorations and other ideas with the emphasis on Christmas.

All items must be hand-crafted originals with craftsman and artists

coming from the entire metropolitan area. Many new exhibitors have been added this year, the sponsors advised.

The first show began with 40 craftsmen and last year this was increased to 45 exhibitors. The demand has been so great for space that an additional room was opened at the recreation center and eight more exhibitors were added.

Those participating in the show will concentrate on specialty items.

Hold 71-year-old man in stabbing

Michael Garcia, 65, of Madison was reported in fair condition Sunday after being stabbed in the abdomen at 3 p.m. Thursday.

William Earl "Skeeter" Henderson, 71, of 915 Reynolds St., Madison, was charged with aggravated battery and turned over to Madison County deputies Saturday morning to be held in the county jail in lieu of \$25,000 cash bond.

Garcia was at Henderson's residence when the stabbing took place, police were told. After being stabbed, he went to a neighbor's home,

knocked on the door and said that "Skeeter" stabbed him, according to the neighbor, who took Garcia to St. Elizabeth Medical Center and police were notified.

Madison Chief of Police Donald L. Bridick went to Henderson's home and placed him under arrest. He reported finding a steak knife on the night stand in the bedroom.

As police were arresting Henderson, he allegedly kept saying, "You don't mess with Skeeter or Skeeter will hurt you."

Lack of new programs school board topic

The absence of any new programs at the Madison Middle School drew criticism from several members of the Madison School Board at its Thursday evening meeting.

Directing a question to Superintendent of Schools John Palchiff, Board President Sam Dymas asked, "When are we going to have some new programs started at the middle school, John?"

"We approved (Earl) McClanahan as the principal, based on his statements about all the new programs he said he wanted to get started. We have started the third month in the school and there is nothing at all new."

"I can't speak for the rest of the board but I would like to know why?" Dymas said.

Board Member Mrs. Billie Bosworth said, "Why can't we have some fun things at that school? That is not just seventh and eighth graders. We have young sixth graders there also. Students can learn from fun things."

"Halloween just passed and there was nothing. I mean nothing, for the younger children at the middle school," Mrs. Bosworth said.

"I would like to move that we have the administration send a letter to the principal with copies to the middle school teachers for their ideas. The reply to this letter should come back to the board and each board member get a copy of every suggestion submitted," Mrs. Bosworth suggested.

The motion was seconded by Board Member Don Garrett and the board concurred.

President Dymas then said, "Perhaps we can get something positive going at the middle school."

The opening of bids prior to a board meeting was questioned by Board Member Paul Barginel. Board Member Frank Eaves said, "We have done this in the past and it is legal to have the secretary of the board open bids, initial them, tabulate and present them to the board."

"I am not questioning the integrity of board secretary, but I do not think it is proper," Barginel said. "I would like to move that, in the future, all sealed bids are opened and read at public meetings. If necessary, we can recess and tabulate or refer the opened bids to a committee or the administration for recommendation and awarding of the contract at the next meeting of the board."

The motion was seconded by Garrett with Eaves casting the only negative vote.

The question arose in the meeting when several opened bids for light bulbs were presented to the board. The board awarded the contracts for various sizes and types as recommended by the administration, based on guarantees of bulb life.

Bigger veterans' benefits

Bigger checks for veterans training under the GI Bill constituted one of the provisions of a law to increase veterans' benefits signed by the president on Oct. 17.

A 10 percent increase in educational allowances was made possible by the "Veterans Rehabilitation and Education Amendments of 1980."

Education checks due Nov. 1 for an estimated 600,000 veteran students and dependents in training include a five percent boost.

The balance of the 10 percent hike will be reflected in checks due Feb. 1. Payment for training taken after Jan. 1 will include the full 10 percent increase.

Single veterans who are full-time students will receive a November check of \$327—\$16 more than the October check. Beginning in February, these students will get \$342, or a boost of \$15 over the October checks.

Monthly payments for veterans with one dependent will be increased from \$370 to \$389 in November and to \$407 in February, and for veterans with two dependents from \$422 to \$443 to \$464.

For each additional dependent, the extra allowance will rise from \$26 to \$27 to \$28.

The legislation also calls for major improvements in vocational rehabilitation program for service-connected disabled veterans. Included is a 17 percent increase in monthly allowance in the November checks of 11,000 trainees, and increased job counseling and placement procedures.

The new law also increased tutorial assistance payments by 10 percent and changed the amount the Veterans Administration can pay under correspondence or flight training for students who enroll in these programs after Sept. 1, 1980.

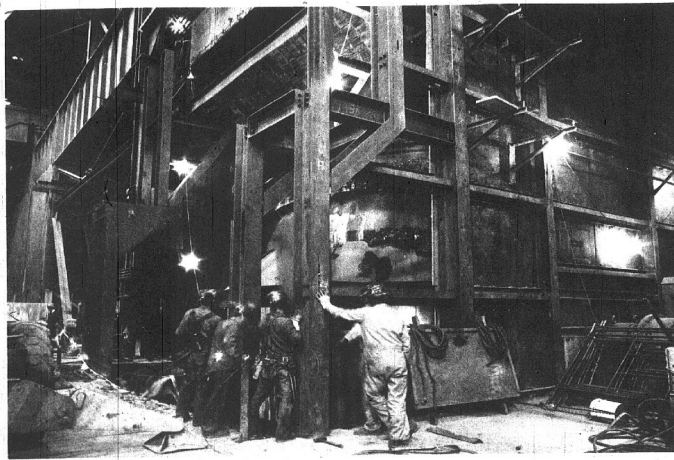

For them, VA can pay 70 percent of the total charges for correspondence training or 80 percent of those for flight training. These changes in rate of payment are effective Oct. 1.

Students who enrolled Sept. 1 or earlier will continue to get 90 percent of the total charges throughout the course.

For the first time, flight training students will be eligible for education loans based on need of up to \$2,500.

Also in the legislation was a change in the way the VA will pay veteran-students training while in jail.

Veterans imprisoned on a felony conviction will no longer receive monthly educational allowances but will be reimbursed for training expenses.

ENCLOSING BOF. Work is underway on enclosing the two steelmaking vessels in Granite City Steel's Basic Oxygen Furnace shop. The enclosures for each vessel will provide improved capture of emissions, for removal in the facility's gas cleaning system. Improvements such as these were a part of the EPA agreement under which National Steel will spend \$180 million on coke plants, basic oxygen furnace shops, blast furnace cast houses and other facilities.

10 million pounds of aluminum recycled

Reynolds Aluminum Recycling Company, one of the nation's leaders in reclaiming used aluminum, passed a milestone this week by collecting its 10 millionth pound of aluminum from St. Louis metropolitan area residents.

S. B. Thompson, district recycling manager for the Reynolds Metals subsidiary, said the accumulation is the equivalent of 235 million beer and soda cans that did not end up as litter.

"Another way of looking at it is that Reynolds has hauled over 150 box cars full of popcorn-sized chips of aluminum from our Belleville plant for commercial beverage cans, aluminum siding or automobile parts," Thompson said.

Reynolds passed the milestone in its 75th month of operation in the area. Over the same period, it has paid residents, civic groups, churches and charitable organizations nearly \$2.5 million. The current price here is 30 cents a pound.

Man faces two charges

Michael P. Mull, 21, of 2436 Lincoln Ave., was released on \$200 cash bond at 10:40 p.m. Friday after being charged with resisting arrest and assault.

Mull, while driving his mother's auto at 4:30 p.m. Friday, allegedly came upon another car, forced the second auto to stop, then shook his fist at the other driver, shouting "I'll burn you." Mull's auto then struck the side of the other auto and left the scene at a high rate of speed, it was alleged.

A police report to Mull's home and found him sitting on the porch. As officers approached Mull, he started yelling obscenities, said that he hated "cops," and ordered them off his property.

He allegedly attempted to resist police, who handcuffed and arrested him.

Melba Grady serves human rights group

Evelyn Engler, state coordinator of the Human Rights Authorities, has announced a panel of nine citizens who will serve Madison, Bond, Clinton, St. Clair, Washington, Monroe and Randolph counties.

Appointed were Kevin Blaine, Alton; Madie Helen Dowell, East St. Louis; Melba Grady, Granite City; Arline Hill, Steelville; Carol Madison, Fairview Heights; Tom Schuchardt, Carlyle; and Anita Becherer, Dr. Syed A. Raza and David Uhler, all from Belleville. They were chosen for their interest in disabled persons and for their involvement in the community.

Mrs. Engler said. Although selected by the Guardianship and Advocacy Commission, the citizens will work autonomously as a fact-finding body, she said, explaining that Human Rights Authorities are established by statute to investigate allegations that the rights of disabled persons are being violated by providers of services to the disabled.

The Human Rights Authority is empowered to visit facilities, inspect materials relevant to the investigation, subpoena records and testimony of witnesses, conduct public or private meetings and hearings, and make recommendations for the correction of rights violations.

Madison County is in the Region Four area and meetings will be held in various geographic locations within the regional boundaries, so residents have an opportunity to participate. A portion of each meeting will be set aside for comments or questions by non-members.

Hearings will be conducted as an objective, informal, fact-finding process. Witness will be permitted to make an oral statement and will be permitted to submit any type of written statement, Mrs. Engler explained.

All meetings will be held at facilities accessible to the mentally and physically impaired. The HRA will not disclose to any person any materials which identify an

FIRST WORK, THEN CELEBRATE.
Granite City South's victory Friday in the championship game of its own Sectional Tournament

2-0 over Quincy wasn't without its moments. South indeed was pushed by the Blue Devils, before eventually taking control with two second

half goals. At left South All-American David Fernandez controls the ball against two Quincy defenders. At right, South pom-pom girl Shea

Fan reaction: 'South can do it again'

By PETER HAYES
Sports Editor
of the Press-Record

GRANITE CITY — The feeling ran through the jubilant crowd parading around the Granite City South soccer field Friday evening. As the public address speakers blared the Charlie Daniels Band rendition of "The South's Gonna Do It Again," the South High drum corps pounded out the war beat. And the cry came out again and again

"Best in State! Five straight!"
The crowd was celebrating South's 2-0 victory over Quincy Senior High in the championship game of the South

Sectional Tournament. The win gives South (23-2-1) a chance to return to Palatine and defend the state championship. The going will be rough. The Warriors will go against Wheaton Central (17-1-1) in the first quarterfinal game of the tournament Friday at noon. Other teams entered will be Gordon Tech, Palatine High School, Glenbrook North, Hinsdale South, Hinckley Big Rock and either Chicago Bown or Chicago Senn.

They'll all be gunning for Granite City South. It's lonely at the top. But the fans Friday evening at South weren't particularly worrying about

Wheaton Central or Hinckley Big Rock of any of the teams who'll be among the eight best in the state next weekend. They were celebrating. "This is great!" yelled one exuberant fan. "We're gonna do it again! Ain't nobody gonna beat us!"

While not quite as loud about it as the fan, South's David Fernandez was confident. "I think we can do it," said the prep All-American. "But it won't be easy. We'll have to go out there and play as good as we possibly can. Nobody's going to lay down for us. Everybody will be up for us. We've come too far now."

Coming this far in post-season play

by South had seen the Warriors shut out every opponent. In the sub-sectional quarterfinals, they beat Alton Marquette 2-0. In the sub-sectional championship game, they downed cross-town school Granite City North 1-0. In the sectional semifinals, they beat arch-rival Collinsville 2-0 and finally beat Quincy's Blue Devils by the same score.

"We haven't been scored off of yet (in post-season play)," said South's head coach Gene Baker. "We take pride in that. I thought our backfield played a super game today. One of our goals was to make the State Finals. It's important to the kids. While a lot of teams talk

about the number of players they have coming back at the beginning of each season, we can talk about the number we have coming back with State Tournament experience. That helps."

South has achieved most of its goals this season. It won the Gateway East Conference championship. It came back with a 1-0 victory over Edwardsville after tying the Tigers 1-1 earlier in the season. The Warriors entered the prestigious C.Y.C. Tournament in St. Louis for the first time and became the first Illinois school to play in it and win it. In that tourney, South beat the best St. Louis schools, Vianney (1-0), DuBourg (2-1) and St. Mary's (2-0). The

Warriors came back with a 2-0 win over Collinsville in the sectional after losing 3-2 on the Kahoks home field two weeks earlier. The only loss the Warriors couldn't avenge was the 2-0 one at Rosary early in the season. That's because South only played Rosary once.

Quincy coach Dick Stewart feels South can win the state title. "I thought we had one of the better teams in the state," he said. "And two of our four losses were to South. We only allowed 15 goals all season and five were by South. We've beaten some of the teams that'll probably be in the Finals. I think South can do it."

Althoff makes semis GEC champs blast Central

By PETER HAYES
Sports Editor
of the Press-Record

BELLEVILLE — Belleville Althoff used overpowering ground attack and cruised to an easy 29-7 victory over Champaign Central here Saturday afternoon in the quarterfinals of the IHSA Class 4A State Football Tournament at Township Stadium.

Althoff (10-1) will advance to the semifinals where the Crusaders will meet Chicago Heights Marian Catholic next Saturday afternoon in Chicago.

But it wasn't all offense for Althoff, the Gateway East Conference champion. The Crusaders also utilized a

crusing defense to punish Central. They held Central to only 68 yards of total offense, only two of those coming in the second half.

But Althoff, despite controlling the tempo of the

game, didn't get the killer's instinct until late in the game. The Crusaders finally scored 14 points in the fourth quarter to ice the game away. Up until that time, Central's Maroons, despite having been badly outplayed, still had a chance.

"It seemed like we'd get down there (near the goal line), but couldn't out it in," said Junker. "We'd make a mistake."

The game began ominously for Althoff. On their first play from scrimmage after taking the kickoff, Laney fumbled the ball and Central recovered at the Althoff 27 yard line.

A few plays later the Maroons scored and had a 7-0 lead.

Obviously, the Crusaders didn't let it get them down. "Our kids didn't let down after they (Central) scored," said Schott. "We went right back down the field and scored a touchdown."

That touchdown came when Junker scored on a quarterback keeper around right end. But he missed the extra point and Central still had the lead, 7-6.

Two possessions later, Althoff took the lead for good. Junker again scored, this time on an 11-yard run, and the score was 12-7. Junker was stopped short of the goal line in his two-point conversion run attempt.

IHSA moves State Finals

BLOOMINGTON — The Illinois High School Association has again been forced to move the site of the State Soccer Finals. And this time, the switch comes barely a week before the tournament is to begin.

The State Finals will be played at Palatine Fremd High School, instead of at Palatine Senior High. The reason for the switch is that two football games were played on the Palatine Senior field in rainy weather late in the season, making the field unplayable, according to IHSA Assistant Executive Secretary Don Robinson.

Earlier this season, the IHSA moved the site of the finals from Huskie Stadium at Northern Illinois University to Palatine High because of a collegiate football conflict with NIU.

Warriors to face Wheaton

BLOOMINGTON — The Granite City South soccer Warriors will square off against Wheaton Central Friday at 12 p.m. in the first of four quarterfinal games in the eight annual Illinois High School Association State Soccer Tournament in Palatine Fremd High School.

The Warriors (23-2-1) are four-time defending Illinois state champions. They will be meeting the Wheaton Central Tigers for the second straight season in the quarterfinals. Last season, the Warriors downed Wheaton on their way to the state championship.

Wheaton Central's Tigers sport a 17-4-1 record. They earned the right to meet South in the quarterfinals with a 1-0 victory Friday

over Elmhurst York High in the Wheaton-Warrensville Sectional championship game.

In the other quarterfinal games Friday, Gordon Tech (13-3-2) will face either Chicago Bown or Chicago Senn (who play today) at 2 p.m., Palatine Senior High (18-3-1) will face Glenbrook North (15-3-1) at 5:30 and Hinsdale South (14-4-3) will face Hinckley Big Rock (26-3-1) at 7:30 p.m. The winner of the first two games will meet in a semifinal at 9:30 a.m. Saturday, while the winners of the second two games will play at 11:30 a.m.

The championship game, pitting the two semifinal winners against each other, will be played at 7 p.m. Saturday.

Same song, new verse— Big Red blows late lead

By PETER HAYES
Sports Editor
of the Press-Record

ST. LOUIS — Forgive the St. Louis Football Cardinals officials if they think they've been hearing a broken record. They have. And they don't like the song.

For the fourth time this season — and second game in a row — the Big Red blew a fourth quarter lead here

overtime to Atlanta's surging Falcons 33-27 at Busch Stadium.

To say the Cardinals had a fourth quarter lead isn't saying everything. Listen to this: They led 24-6 at halftime and appeared on their way to a laugher the likes of their 40-7 rout of New Orleans earlier this season. But such was not to be the case. Falcon Ray Strong swept around right end in the overtime period and scampered 21 yards for the winning touchdown. It was the final chapter of an agonizing afternoon for the Big Red.

Did the Cardinals sit back and relax in the second half with their 18-point lead? "We tried not to get that at-

titude," said St. Louis wide receiver Pat Tilley. "We tried to stay fired up in the huddle. But there's a tendency to get a little comfortable."

Perhaps the most agonized of the agonized was St. Louis quarterback Jim Hart. The 16-year veteran opened the game firing the ball through the air like there was no tomorrow. The Cardinals' first 10 plays were passes and gave them their early lead. But as the game wore on, Hart's passing lost its effectiveness. "Interceptions sure don't help," he said. "Some of them were my fault, but some weren't. The last one was."

That last one came on what many of the fans in sold-out Busch Stadium thought sure would be the game-winning drive by the Big Red late in the game. After St. Louis nose tackle Rush Brown reached high in the air to intercept Atlanta quarterback Steve Bartkowski with 1:48 left in the game, it looked for sure as if the Cards would put it off. They had the ball at the Atlanta 41 yard line and the score was tied 27-27. All the Cards had to do (with

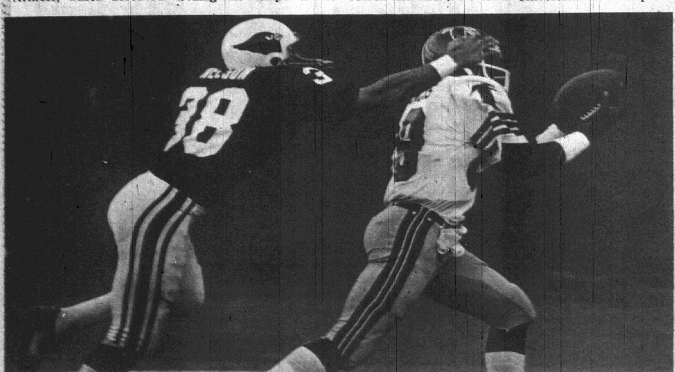

all three time outs remaining) was control the football, drive closer to the end zone and get into position for a field goal from place kicker Neil O'Donoghue, who had earlier in the game connected field goals of 37 and 34 yards.

But Atlanta linebacker Al Richardson was there when it counted. He picked off a Hart pass near the sideline right in front of the Big Red bench, killing the St. Louis drive and giving the Falcons a chance for one more try in regulation time. Atlanta almost did it.

The Falcons, behind Bartkowski, drove the ball all the way down to the Cardinals' 28 yard line. With eight seconds remaining in the game, Falcon place kicker Tim Mazzetti missed a 46 yard field goal attempt and the Cardinals had new life — barely. The field goal attempt missed by only a few feet wide to the right. The distance was no problem.

St. Louis had dodged the bullet again. But when Atlanta won the toss at the

COMEBACK'S COMING. Atlanta Falcon wide receiver Wallace Francis catches a 27-yard touchdown pass from quarterback Steve Bartkowski yesterday late in the third quarter as St. Louis safety Lee Nelson vainly attempts to

knock the ball away. The touchdown and PAT brought Atlanta to within 27-20. The Falcons eventually won the game in overtime 33-27. St. Louis had a 24-6 half time lead.

Spikers get revenge on Tigers in tourney

KAREN SPENCER of Granite City South goes up high in an attempt to block a shot Saturday against Collinsville in the Collinsville Round Robin Tournament.

COLLINSVILLE — Before the Granite City South girls volleyball team was to participate in the Collinsville Round Robin Tournament Saturday, they had lost a heart-breaker match to Edwardsville a few days earlier. The tourney gave the Warriors a chance to repay the Tigers.

As it was, South did turn the tables on Edwardsville with a match that went three sets. But, unfortunately it was the only match the Warriors were going to salvage from the tournament. Beating the Tigers 15-8, 12-15 and 15-3, South finished the competition with a 1-2 mark.

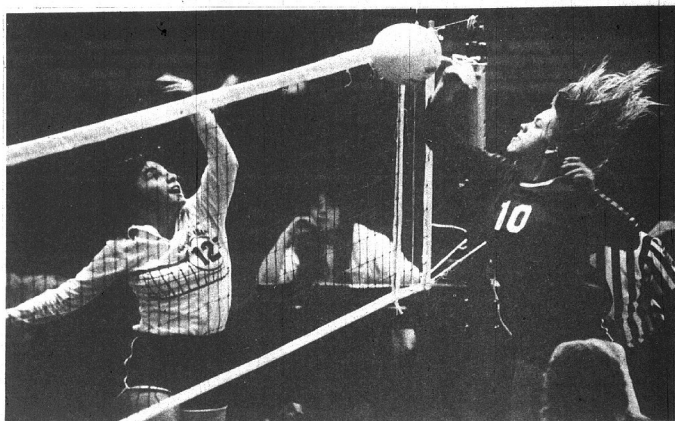

Although Head Coach Wilma Schulze didn't think her squad handled Edwardsville as well as they should have, the Warriors still managed to dominate. "I think Edwardsville thought they had gotten so much better when they beat us before," said Schulze. However, South tore the Tigers down off their cloud.

With the games even at one and the critical third game at stake, the Warriors rose to the occasion. Nita Graham was the big spark when she served up seven straight points, enabling South to breeze to the win. "The girls were really determined," said Schulze. "Edwardsville even played less games than we did." The Tigers, losers to both Sacred Heart Academy of Springfield and Collinsville in two sets, finished the tourney in last at 0-3.

In their opening battle, the Warriors took on a very good squad in Sacred Heart. Things were looking smooth when South grabbed the first set 15-9. "They (Sacred Heart) were a little more solid team," said Warrior head coach Wilma Schulze. "It was obvious their girls had been to volleyball camps." This might have shown up in the Blazers season record of 31-2.

The Springfield talent began to pave a way. The Warriors were dumped 12-15 in set two and finally blown out 4-15 in the final game. The Blazers ran away from South 8-0 before the Warriors got on track. By that time, the game was out of hand. "I could tell by the way they (Sacred Heart) did things that they were a good team," said Schulze. "Their setting was exceptional compared to what our girls did. They had several tall players too."

The only thing different in South's second match of the day was the closeness of the scores. The results were the same. The Warriors were pitted against another tough opponent in the Collinsville Hawks. Again South lost 7-15, 15-13 and 11-15.

Round Robin Tournament. South lost its first two matches, but came back to down Edwardsville in the last round.

Warriors lose GEC match to Edwardsville

By TOM SCHOCKER
of the Press Record

GRANITE CITY — Thursday's night was the last home contest for the South girls volleyball team which included a small presentation of a rose to the seniors before their match with Edwardsville. That was the only time the Warriors were going to come up smelling like roses as the Tigers tapered off and Edwardsville's Diane Settle got into the act, the Tigers began to claw back.

Spencer started what was thought to be another easy game for the Warriors. Serving up South's first five points, the Warriors pushed out to a 5-2 margin in game one. Settle then began reciprocating the spiking power and Edwardsville reeled off five unanswered tallies.

"We have had some pretty sad outings the few matches," said Tiger head coach Kay Hyten. "The girls were really up tonight." The Warriors managed to score two more times before Edwardsville put the game out of reach. Even two time outs in waning moment of the contest didn't produce a fire for South as the Tiger's Amy Henninger served up five straight points. With their backs against the wall, the Warriors responded in fine fashion for a while. "We beat Edwardsville the last time we played them," said Warriors head coach Wilma Schulze. "I think the last few matches we have had come too easy for the girls."

South opened up the second set in convincing form. Storming to a 5-1 lead, the Warriors forced Edwardsville into calling a time out. But this time it was South who remained strong. Spencer and Boyd joined to foil a spike attempt by Settle, who unofficially had five in the game. It was at that point the Warriors went on

volleyball

The rest did do one bit of good. It got the Warriors an additional tally. But the Tigers were hot. Karen Tucker served up five of the last seven points, capping off a remarkable come-from-behind victory for Edwardsville. "Mentally we weren't ready for a tough match," said Schulze.

The meeting was the only the second between the two teams. South taking the first encounter. "You gotta know you can play that well and be able to beat teams," said Hyten. The Warriors, now 11-7, will get another shot at Edwardsville, also 11-7. The two will square off again in the Collinsville Round Robin Tournament Saturday (see related story).

North loses to Oilers

WOOD RIVER — North bit the dust here Thursday night after putting up a good fight in the first game of the 15-9 and 15-2 Oiler victory in varsity volleyball.

The Steelers grabbed a quick 2-0 lead in the premier game, but saw their opponents run seven straight points for a 7-2 advantage. North brought themselves to within one set behind the serving of junior Erin McKeehan.

Senior and captain Adrienne Humphrey led her team to a 9-9 tie with two serves good and two nice saves. But, that was, all North was to have as the Oilers went for six straight followed by another for the

first game. In the second game, the Steelers again grabbed a quick lead. But a 1-0 and a 2-1 lead were North's only

bright spots in the second contest. North did manage to get involved in a couple of long volleys but Wood River came out 15-2 victors.

"We're hoping to learn more about ourselves on Monday," Gottfried says. "We have been competing against ourselves long enough. We are quite excited about seeing a different opponent."

Golfer started small

By NANCY WEIL
Fourth-Press-Record
EDWARDSVILLE

When Mark Hofstetter was 12 years old, his life after school and on weekends was a ritual. Each night, the boy with light red hair and bright green eyes took a shopping bag and headed for the woods of one of two golf courses across the street from his house in Virginia.

The future Southern Illinois University at Edwardsville star scoured the woods in search of lost golf balls. Each ball he found went into the sack, until he had enough balls to practice with.

"I had about 200," he said. "I looked away and smiled, the kind of smile that means the memory is good."

When the shopping bag was full, Hofstetter would go the practice range and hit golf balls. "They had a practice range at one of the courses that was just huge. I'd hit balls and hit balls," he said.

Despite all the practice, Hofstetter didn't play. "I didn't want to play. Not if I couldn't play well," he said, sounding disgusted to think that he would actually play if he didn't play well.

Finally, though he decided to try nine holes. "I shot a 53, which isn't good, but for the first time I was kind of surprised," he said.

Par for nine holes is 36. At least that is what the professionals and dedicated weekend golfers aim for. Hofstetter decided then, at about his freshman year in high school, that he would always aim for the best.

That is why he's disappointed with himself.

This season at SIUE, Hofstetter played 18 rounds of golf during the five-tournament fall campaign. Most of the time, the team played 72 par, 18-hole rounds. Hofstetter finished the fall season for SIUE with a 74.3 average.

The fall season, although it is normally considered a testing and practicing tool for the time Hofstetter was having trouble.

"I used to think that my teammates could cover for me. But when one or two shots can make the difference between winning a tournament or not winning, then I have to be concerned with the team," Hofstetter said.

Most of the time, golf tournaments are won by only a one- or two-shot difference. Most of the time, players from the same school will follow each other along the course. "The other guys are usually playing right behind me. So, we can pretty well keep track of how everyone is doing."

That is important to Hofstetter. "If everyone

else is playing good and you're playing bad, there's a certain amount of pride involved," he said.

The 86 Hofstetter shot was the highest score I've had since high school (Springfield Southeast).

As for as averages go, the qualifying average of each tournament is figured with the tournament average to get each golfer's overall average. Even though he shot high at times this past fall season, Hofstetter also had some low scores. His 74.5 was the best average for the SIUE team.

Now that the fall season is finished, Hofstetter plans to practice at a heated range in St. Louis.

"I'll try to work on my consistency of swing and my shots. I won't do much putting."

The spring season will be one of decisions for Hofstetter. He looks forward to the possibility of playing professional golf. Former teammate Les Agne of Belleville is on the pro tour in Florida and Hofstetter plans to visit him.

"I haven't heard how Les is doing, but he's probably winning some money," said Hofstetter. He looks away again. The little boy with the goal of filling a shopping bag has grown up and so have his goals.

Big Red

coin and received the kickoff opening the overtime, it ripped through St. Louis' defense with ease and took the sudden-death victory without giving the Big Red's offense a chance at the ball in the extra period.

"This is the best comeback I've ever been associated with," said Atlanta assistant coach Doug Shively. "We've got a team that has demonstrated it can come back. This was a big one for us."

But the Atlanta comeback was coming. Most of the crowd probably sensed it. After all, they've become used to the Cardinals' style of football, too. First, 24-6 was 24-13, then 27-20. It was then that the fans knew it was coming. When it was 27-27, some of them actually started going home. It was just a matter of time. They were right.

FORMER WARRIOR

Former Granite City South soccer stand-out David James has six goals and six assists this season for Illinois State University's soccer team. James has played a crucial part in ISU's 10-7-2 record prior to Saturday's (Nov. 1) game with Ball State University. James is a freshman at ISU. Last season, he helped lead Granite City South to its fourth state high school championship in a row.

For her wedding, the former Miss LeMaster wore a formal ivory pleated lace gown fashioned with a V-style neckline and an elbow length cape designed bodice. She wore a beaded and lace headpiece to secure her lace trimmed cathedral veil and she carried a cascade arrangement of silk roses, carnations, pom poms in ivory and rust hues with baby's breath and brown fern tied with ivory satin ribbon.

The maid of honor was Miss Marsha Curtis. She chose a full length dress in peach, rust, orange and ivory colors created with a V-style neckline and long sleeves accented with ivory lace.

She wore a wide brim hat in rust hue with satin ribbon streamers to the waist and held a bouquet of silk roses and baby's breath in autumn shades festooned with ivory lace streamers.

Charles Ezell of Doniphan, Mo., a brother of the groom, served as best man.

Ushers were Randy LeMaster, brother of the bride, and Jay LeMaster, the bride's cousin.

Earlier this month the troop members visited Losch Pumpkin Farm where they held a Halloween party featuring autumn games and toured the farm maze.

During last week's meeting Mrs. Evelyn Doyle, a co-leader and cookie chairman, distributed the forms for the annual cookie sale now in progress.

Troop members participating in the events were Angela Adams, Wendy Burris, Christina Danford, Jean Hahne, Patricia Hahne, April Hughes, Charlene Adams, Julie Lewis, Veronica Morris, Kim Rushing, Melissa Segedy, Marianne Stoops, Cassandra Tidwell, Angela Wickham, Elizabeth Williams, Tessa Householder, Janice and Jerry Leash. NOVEMBER BRIDE, Mrs. Thomas Ray Ostresh the former Robin Rene Rodgers who was married at the First Church of the Nazarene. She is the daughter of Mr. and Mrs. Harry Rodgers, 9 Briarcliff Drive.

Robin Rodgers and Thomas Ostresh wed

Miss Robin Rene Rodgers, daughter of Mr. and Mrs. Harry Rodgers, 9 Briarcliff Drive, became the bride of Thomas Ray Ostresh, son of Mrs. Lottie Ostresh, 2034 Thirteenth St., and the late George H. Ostresh, on Nov. 1, at the First Church of the Nazarene.

Arrangements of white flowers and greenery with burning tapers in branch candelabra decorated the sanctuary for the double ring ceremony performed by the Rev. Jeff Smith and the Rev. William Roddy at 6 o'clock in the evening.

Given in marriage by her father, the bride chose a full length white chiffon over taffeta gown fashioned with a Queen Anne neckline traced with Chantilly lace and long full sleeves enhanced with lace motifs.

Lace appliques were repeated on the fitted bodice and marked the high rise waistline.

Her semi full skirt fell softly into a chapel train and was encircled at the hemline with a lace ruffle.

She wore a Juliet cap of Chantilly lace and seed pearls to secure her fingertip veil of bridal illusion. Her bouquet was a trailing cascade of burgundy and white roses interspersed with mauve carnations, white flocks and baby's breath.

Maid of honor was Miss Linda Rodgers, a sister of the bride, and the bridesmaids included Mrs. Lynnette Chastain, Mrs. Cathy Gaines and Mrs. Pat Andrews.

They wore identical formal length dresses created in daphne rose tinaseta designed with fitted bodices enhanced with a high ivory lace collar, three-quarter length sleeves, and pleated skirts.

Each attendant carried an arm bouquet of cream color azalea, rose forget-me-nots, burgundy rose buds and ivory flocks.

Heather Laskey and Jason Ostresh, a niece and nephew of the groom, served as the flower girl and ringbearer. She was dressed in a white chiffon frock featuring a gathered skirt, ruffled yoke and puff sleeves trimmed with lace.

Her floral arrangement was similar to the adult attendants.

The groom chose his brother, Michael Ostresh, as best man. Richard Ostresh, another brother of the groom, Roy Boyer and Voyle Rushing, were groomsmen. Escorting the guests to

their seats were Brad Boone and Randy Morgan.

Lighting the candles prior to the service were Christine Rodgers and Scott Stovall. Mark Cox presided at the piano and Chuck Kofal played the guitar. Vocalists were Cheryl Hawley, Mark Cox, Brian Chastain and Jim Hastings.

Nuptial selections included "Always," "We've Got Each Other," "Charity," "Love the Wedding Song," and "Love Me Tender."

Heather A. and Randy distributed rice packets and Mary Boone attended the guest book at a reception given in the Granite City Township Hall.

Members of the wedding party were entertained at a rehearsal dinner hosted at Bill Barn's Cafeteria.

For her daughter's wedding, Mrs. Rodgers selected a street length dress fashioned in teal blue floral giana complemented with a matching coat and corsage of teal blue roses and white carnations.

The groom's mother, Mrs. Ostresh was attired in the long knit emerald green gown designed with a blouson bodice, scoop neckline and pleated skirt. Her corsage was made up with yellow roses and ivory carnations.

Both young people attended Granite City High School South. The bride is employed at Southwestern Bell in the Public Relations Dept. and the groom attended Southern Illinois University at Edwardsville.

They are residing in Madison.

Careers in communications is topic of career day at SIUE

A Mass Communications Career Day, with guest speakers representing the St. Louis print and broadcast industry, will be held Friday at Southern Illinois University at Edwardsville. The all-day seminar, sponsored by the SIUE Society of Professional Journalists and Sigma Delta Chi, will be a series of hour-long presentations by each guest, beginning at 9 a.m. in the University Center.

Speakers are Bob Hardy from KMOX Radio; Ron Willnow and Julie Ward, representing the print media; Scott Dine, photography and Diane Willis and Rabun Matthews, television.

Hardy, the community affairs director of KMOX Radio and past president of the St. Louis Press Club, will

anchor the series with a 3 p.m. discussion of his experiences covering politics. He has been a reporter at every Republican and democratic national convention since 1964, emphasizing the activities in the Missouri and Illinois delegations.

Scott Dine, a veteran photographer with the St. Louis Post-Dispatch will open the seminar at 9 a.m. with a slide presentation on newspaper photography. Dine has worked for daily papers in Texas, as well as with a slide presentation on newspaper photography and the Denver Post.

Ron Willnow, assistant managing editor of the St. Louis Post-Dispatch, will take a look into the future of newspapers at 10 a.m. Friday. Willnow has been news editor and city editor at

the Post-Dispatch, and he served as Sigma Delta Chi's Region 7 director for six years.

A former investigative reporter for a Dallas television station, who also wrote international news for Walter Cronkite, will discuss investigative reporting, beginning at 11 a.m. Rabun Matthews news director of KTVI-TV, who filled the same spot for KING-TV in Seattle and WFMY-TV in Greensboro, N.C., will represent television news.

The afternoon sessions will begin at 1 p.m. with a look at women in the sports department with Julie Ward, sportswriter for the St. Louis Globe-Democrat.

She broke into full-time sports reporting with the News-Democrat in Belleville and has written articles for national publications, including Women's Sports magazine, Volleyball magazine and the New York Times.

The morning news anchor at KTVI-TV, Diane Willis, will take over at 2 p.m. with "a how-to on survival in medium market television." She is a former 10 p.m. anchor for KOMU-TV, the NBC affiliate in Columbia, Mo., where she also reported and produced news and features and edited a magazine show.

TASTY DISPLAY of pastries, cakes and other goodies in the lobby of the Granite City (Trust) Bank last week honored Mrs. Seibold's Bake Shops on the 60th anniversary of the founding of the company. Shown holding a cake featuring a portrait of Mrs. Rheinhold Seibold, for whom the bakery is named, are Della Seibold and Mike Seibold.

Seibold's Bake Shops; a 60-year tradition

Following is the history of Mrs. Seibold's Bake Shops, which are celebrating their 60th anniversary.

In 1920, Mr. and Mrs. Rheinhold Seibold, along with Mrs. Seibold's brother, Herman, came from St. Louis to Granite City and acquired the bakery of John Scholbaum, operating it as "Seibold Brothers Bakery."

The original bakery was located at 22nd and State streets. From this location, a wholesale route to several grocery stores in the Tri-Cities was established.

In the early 1930's, Herman Seibold sold his share of the partnership to his brother. From then until 1936, the bakery was known

as "Seibold's Bakery."

Due to Mr. Seibold's failing health during the depression years, management of the business passed to his wife, Mrs. Minnie Seibold. In 1936, the baking operations were moved to the 1400 block of Nidringhaus Ave. The store was operated under its present name "Mrs. Seibold's Bake Shops."

From this location, as many as four wholesale routes were operated, in addition to the retail store.

During the war years, the wholesale deliveries were discontinued and only the retail store remained in operation. The store was operated by Mrs. Seibold and her daughter, Mrs. Raymond Henley, assisted by a long-time employee, Mrs. Elizabeth Gabriel. Mrs. Seibold's four sons had been called into service and were gone three to four years.

On return from the service, the four Seibold boys—Charles, Bill, Edwin and Rheinhold, decided to concentrate on top-quality merchandise and sell everything at retail in their own stores. The first store was opened in Wood River in 1947, the same year Rheinhold Seibold passed away.

In 1953, a new bakery plant was built at 2241 Madison Ave., its present location. Soon after, other stores were opened in East Alton and Edwardsville. Additions to the baking operation were made in 1957 and the building space was doubled in 1962. With the increase in plant space, stores were opened in Alton and another in Granite City.

Mrs. Minnie Seibold remained active in merchandise production until 1962. At the age of 72, she retired due to ill health, but remained active in a supervisory capacity. In May of 1979, at the age of 88, Mrs. Seibold passed away.

Today, the bakery is operated by Charles, Bill and Edwin Seibold. The younger Rheinhold Seibold retired in 1963.

In order to carry on the traditions, quality service, a third generation of Seibolds are presently working with the company. After completing their university studies, Larry and Michael Seibold (sons of Edwin and Della Seibold) decided to come into the business on a full time basis to carry on their family tradition.

Anti-shoplifting campaign; \$700 million loss in state

Nov. 17-22 has been designated Everything has a Price Week by directors of the Illinois Retail Merchants Association, Hugh E. Muncy, IRMA president, reports.

Throughout the week, public attention will be called to the assertion that "stealing from stores is a major crime victimizing more than the store."

Cooperating with IRMA as sponsors are the Illinois Federation of Women's Clubs, Distributive Education Clubs of Illinois and Illinois Department of Law Enforcement, members of the Illinois Coalition to Prevent Shoplifting.

"In spite of statistics, the public tends to treat retail theft as something other than a crime," said Muncy. "We are dealing with 'respectable' people and juveniles who steal, not from need, but for fun or a thrill."

"The shoplifter's rationale seems to be that the store won't miss it, or that it won't hurt anyone."

He contended that theft from stores victimizes consumers, taxpayers, state and municipal governments, law enforcement agencies and the courts. Even thieves, when caught and convicted, become victims, he added.

Muncy continued, "A conservative estimate puts losses due to retail theft at over \$8 billion nationally. Illinois losses are in the neighborhood of \$700 million."

"Over four million people are caught stealing from stores every year. They represent all ages, all social economic and ethnic backgrounds. For many, shoplifting is socially acceptable behavior."

"A major concern of retailers is the large number of young people involved. Over half of those apprehended are juveniles."

"We plan to point out retail theft costs the average family \$150 or more a year in higher prices and increased cost of insurance and law enforcement. It adversely affects job opportunities and government services."

"Retailers spend billions of dollars on theft prevention and prosecution. However, they cannot effectively reduce crime without the cooperation of concerned citizens."

Urging positive action against "a crime that victimizes everyone," the Retail Merchants chief offered these steps for shoplifting prevention:

"Keep a watchful eye on someone you suspect is about to steal, report thefts to store personnel, and indicate to shopper who nibble, damage packaging or products or alter prices that you don't approve."

Productivity discussion by Davis, Solomon

The meeting, one of a monthly series sponsored by the SIUE student business society, is free and open to the public. Additional information is available from ASPA president Steve Jones at 692-2750.

\$50 STAMPS. The Granite City Post Office

has accidentally released about 50 stamps with the printing in the wrong place, making them collector's items worth approximately \$50 each. The stamps at the top show the correct placement of the wording, but the stamps at the bottom show the valuable error. The stamps second from the bottom row do not have the Agriculture USA 15¢ marking or any writing on them while the stamps in the bottom row have the writing in the wrong place. Both bottom rows are valuable to stamp collectors. It is believed the post office on election day sold 40 of the misprinted stamps to a woman and 10 to a man. Only these four have been located, thus far.

Urge local transit districts

The advisory board of Illinois Metro East, an industrial development corporation, Friday urged the Madison, St. Clair and Monroe county boards to create one or more transit districts to provide funds for Bi-State bus service.

Illinois Metro East is affiliated with the St. Louis Regional Commerce and Growth Association.

The loss of Bi-State funding heretofore provided by the State of Illinois would mean a severe cutback in mass transit bus services in the three counties, the board noted. It proposed that the counties "expeditiously" create taxing districts, and that the districts contract with Bi-State to provide specified mass transit services. It suggested that the counties establish review boards to make sure bus service is being provided when and where it is needed.

"Many residents of Madison, St. Clair and Monroe Counties are dependent on mass transit services to get to and from

their jobs," the board said in a resolution passed by the board members and signed by C. E. Kuddell, chairman, who is executive director of the Council of Contractor Associations, Inc., in Collinsville.

A curtailment of bus service would increase automobile traffic and fuel consumption, and would cause "severe economic hardship" on those forced to switch from buses to cars, the board declared.

"The possible loss of jobs and access to places of employment would further aggravate the already depressed economic condition" of the three counties and would increase the demands on welfare services.

Furthermore, "the loss of mass transit services would cause businesses and individuals from outside the area to view the area as backward and cause them to withhold investments from the area," the resolution stated.

The Illinois legislature has

directed that 3-32nds of all sales taxes collected in the three counties go to the Bi-State Transit System until Jan. 1. If local transit districts have been formed by the county boards by then, the funding level reverts to 2-32nds of the sales tax. If the districts have not been formed, the level down to 1-32nd.

Under a new state law, the transit districts would have the authority to level a one-fourth cent sales tax for transit purposes.

In fiscal year 1980, which ended June 30, Bi-State provided service for 10.2 million Illinois bus riders and received \$14.2 million in funding from 2-32nds of the sales taxes collected in the three counties.

Veterans saluted as search for lasting peace goes on

Peace and war prospects were a major part of the dialogue during the 1980 presidential campaign, and the topic remains important to Quad-Cityans and Americans everywhere as they prepare to observe Veterans' Day tomorrow, Nov. 11. There is an age-old disagreement over military preparedness. Cynics say there is profit in warfare, and that most armament that is produced eventually is put to use. Optimists contend that the surest guarantee of peace is adequate strength; even the means itself in the block doesn't bother those stronger than him. Certainly, last week's election results will generate added momentum for further expansion and modernization of the nation's increasingly sophisticated attack and defense equipment. And there will be a brighter spotlight on how to attract and retain skilled members of the armed forces. Pay undoubtedly will be upgraded, and there will be a new evaluation of whether entirely voluntary service personnel can get the job done.

Retiring President Carter set the wheels in motion for drawing of men 18 years of age and older, but President-elect Reagan expressed opposition to conscription, saying the major current problem is that the government has not provided sufficient

backing and funds for the Defense Department.

In any case, those who have served the nation in past conflicts—both volunteers and inductees—have distinguished themselves and their country with selfless, dedicated performance of challenging and often frightening tasks. No one is truly without fear in combat, veterans say, but it can be coped with when emphasis is placed on the safety of one's comrades and the preservation of the world's most shining example of freedom, the United States, and like-minded democracies.

Veterans' Day stems from Armistice Day, which heralded the end of World War I in 1918. On the eleventh hour of the eleventh day of the eleventh month, a truce was signed in a railroad dining car in the Forest of Compiègne, France, and the brutal fighting came to an end.

Additional wars have come and gone since then, but remaining constant is the great contribution that veterans have given—the continued opportunity for hundreds of millions of peace-loving Americans to live in freedom and justice.

Veterans of all branches of the service and all eras of American history deserve, and will receive a proud and appreciative salute on their day, Nov. 11.

Emphasis on environment and—all hope—job stability

Despite the severe cost squeeze affecting National Steel Corporation and other American steelmakers, steady progress continues to be made toward solving air and water pollution.

The latest U. S. Environmental Protection Agency agreements with National Steel provide for Granite City Steel and Great Lakes Steel (Detroit area), both in EPA Midwest Region V, to meet all pollution control requirements by the end of 1985 (a 1982 deadline is noted, and the administration has pledged to seek a three-year Congressional extension). Another National Steel facility, at Weirton, W. Va., also will be part of the agreements to be filed soon with appropriate U. S. district courts.

Region V Administrator John McGuire says the new pact will incorporate National Steel's plans for modernizing and for replacing various basic steel processes. Particulate emissions—dirt in the air—have been a special problem for steel mills, and have been the focus of much public attention because of their potential effect on breathing problems and respiratory illness. The agreements call for an 80 percent reduction of such emissions in Granite City and a 79 percent cut at Great Lakes.

At Granite City Steel, the settlement requires particulate controls on the modified basic oxygen furnace shop (two BOF vessels), two blast furnace houses and the coke oven batteries ("B" battery will be reconstructed). Also provided are additional control programs at the sinter plant and at the new continuous slab caster.

For the Detroit plant, there will be ex-

panded maintenance and monitoring programs to improve water pollution treatment, plus particulate controls on two BOF shops, four blast furnace cast houses and three coke batteries, one of which will be rebuilt.

Along with the pollution control programs required by federally-enforceable state rules, the new pacts call for equipment at the Granite City and Detroit plants that will meet standards more stringent than those set forth in existing laws. These additional pollution control measures will offset and satisfy previous EPA penalty claims for past allegations of violations, McGuire related.

All citizens rejoice in the prospect of further air and water purity gains. In view of the operating losses being reported by domestic steel firms, and Uncle Sam's somewhat ineffective attempts to curb unfair foreign steel competition, Quad-Cityans are hopeful that the EPA and President Carter in his talk at Granite City High School South on Monday—are not just voicing "wishful thinking" but are correct in predicting that the new agreements will work toward employment stability while also further protecting public health.

Steelmakers' ability to absorb capital improvements in non-environmental as well as environmental fields is an essential that must not be lost sight of.

The 12,000 who are employed at Granite City Steel and Great Lakes Steel join in the wish that their plants will continue for many years to be "modern, clean and competitive," a triad that needs all three of its elements in order to stand firmly.

Nation chooses Reagan in conservative swing

Our system provides for the people to change the leadership of this country at four-year intervals whenever they lose confidence in their chief executive.

They have chosen Ronald Reagan as commander in chief for the next four years, defeating Jimmy Carter, the first elected president since Herbert Hoover to lose a campaign for re-election.

But Carter's disappointment is not unique. Every president since John F. Kennedy has left office with feelings of bitterness and frustration. We live in the era of the post-imperial presidency.

Perhaps Reagan can rebuild public respect for the White House. We hope so, but it will be no easy task. Presidents are held responsible for everything that goes wrong, and it must be said that a great deal has been going wrong lately, both at home and abroad. Reagan has great skills as a communicator to the people, and if he succeeds, it will be because he can explain the problems directly to the people and win support for the sacrifices that are necessarily going to have to be made.

The fact that his victory was so sweeping will help him. The Republicans have won control

of the Senate for the first time since 1954 and have picked up at least 30 seats in the House. The Democrats remain in firm control but on key issues a bloc of Southern Democrats and Republicans will hold great power.

After Reagan's inauguration on Jan. 20, first priority must be given to an effort at balancing the federal budget. If defense spending is to be increased, and we believe it should be, corresponding reductions must be made in authorizations for domestic spending programs. If tax reductions are to be given, and we believe they should be, especially to encourage investment and savings, they should not be financed by increasing the federal debt.

In foreign affairs, first priority goes to recovering the hostages held in Iran. President Carter remains in charge until Jan. 20 and cannot share his power or responsibility with the president-elect. But the two must meet soon and discuss the matter. If they issued a joint statement, it would help to depoliticize the issue and make clear to the Iranians that they have nothing to gain by delaying serious negotiations until after the inauguration.

Display flags on Veterans' Day

To the Editor:
Veterans' Day is coming up this Tuesday, Nov. 11. Please remember to display your American flag to honor the veterans who fought—and the memory of those who gave their lives—for this country.

In addition, someone who does display the flag will win a \$100 savings bond for having Old Glory flying that day at his house. A name will be selected from the city directory during a ceremony

at Wilson Park at 9:30 a.m. beside the F84 jet fighter aircraft.

Men from the Army, Navy, Marines and Air Force will be present to deliver comments honoring servicemen, and the public is invited to the short presentation. In case of rain, the ceremony will be held under the park pavilion near the airplane.

Joe Glik, owner of Glik's Department Stores, donated the first savings bond for the "Star Spangled Flag Waving

Contest." Glik, a World War II Army veteran, donated another bond for the Memorial Day flag contest. I would like to continue this patriotic gesture in 1981 and hope that anyone willing to sponsor such flag waving patriotic days will contact me soon.

Let's keep our flag flying in these perilous times.

Memorial to Vietnam war dead

To the Editor:
On this Veterans Day, as we look to the nation's most recent veterans and to the project which seeks to honor them.

Today, only five years since the last Americans left Vietnam, too few seem to remember that 2.7 million of our young people served there over a 10-year span, sustaining casualties of nearly 58,000 dead, 300,000 wounded and 75,000 disabled.

Many more still carry profound psychological scars. Last year, to honor the dedication and sacrifice of the Americans who served in Vietnam, a handful of Vietnam veterans formed the Vietnam Veterans Memorial after a divisive era.

The sole purpose of the fund is to establish a national memorial in honor and recognition of the Americans who served and died. When the project is completed, the organization will go out of existence.

In an unbelievably short period of time, the fund has received Congressional and presidential approval of a memorial dedicating two acres of national parkland in Washington, D.C., as a site for the memorial.

So far, the fund has raised about \$500,000 of the estimated \$3 million needed for design and construction of the project.

On this Veterans Day, we urge public support of this very special memorial.

Tax-deductible contributions may be sent to: The Vietnam Veterans Memorial Fund, Inc., P.O. Box 37240, Washington, D.C. 20013. The deposit and accounting of all gifts is conducted by an independent financial institution.

Federal government's encroachment

To the Editor:
Every state, county and local governing body in the United States is threatened by a recent ruling handed down in U.S. District Court by Federal Judge Miles Lord.

Through the state of Minnesota, has never relinquished its water rights. Judge Lord ruled that the federal government, through the Department of Agriculture, could apply federal rules and regulations to both the lands and waters within northeastern Minnesota's Boundary Waters Canoe Area (BWCA).

Lord's ruling, based on an expanded interpretation of

the U.S. Property Clause, applies to all the lands and waters within the BWCA, including federal, state, county and privately owned lands.

If this decision is not overturned, the ramifications throughout the nation are almost inconceivable.

It could affect everything from irrigation rights to recreational and commercial uses of any land or water sharing a common border with federal property in all 50 states.

The state of Minnesota, through the office of Department of Natural Resources Commissioner

Joe Alexander, has filed an appeal with the U.S. Eighth Circuit Court Appeals.

Support for this appeal is urgently needed from states, local governments, organizations and private individuals who are concerned about the encroachment of the federal government into every aspect of its citizens' lives—when he was trying to own property.

Further information can be obtained from the Minnesota DNR Offices, St. Paul.

State farmland triples in value

SPRINGFIELD — Illinois farmland has increased only 1 percent in value in the last year, but still has more than tripled in the last decade, the Illinois Cooperative Crop Reporting Service says.

The state is one of 18 in the continental United States where farm real estate values rose only between 5 and 11 percent between February 1979 and February of this year, but average value per acre of \$1,929 as of last Feb. 1, it still has the highest average value in the nation, except for five small eastern states.

Those states — Rhode Island, Connecticut, New Jersey, Delaware and Maryland — have smaller farm sizes, and their land values reflect both more intensive crop practices, and competition

for land for non-farm use, the service said.

The service shows that on March 1, 1975, average Illinois farmland was valued at \$846 an acre, a figure which rose to \$1,929 by Feb. 1, 1977, and continued to climb to the present figure.

During the last 10 years, the figures show, Illinois farmland increased by 343 percent. In the same period, farmland in Missouri rose in value by 255 percent, and that in Iowa by 387 percent.

Data for the report was gathered by crop reporters, the figures show, from real estate appraisers, local bankers, county officials and others contacted in semi-annual surveys, the service said.

The report also noted that numbers of workers on Illinois farms in mid-July of

this year numbered 161,000, a decrease of 21.8 percent from the same period last year. However, the report noted at least part of the decrease might be related to weather that week, since there was a full day less suitable for field work during the period, and temperatures for the week averaged 13 to 15 degrees above normal throughout the state.

Nationwide, there were an estimated 454 million acres on U.S. farms, a total down by 2 percent from July of 1979.

Weber headed in right direction for blacks

To the Editor:

Now that the election is over, many of the people are surprised by the wide margin that Ronald Reagan has won by, and the victory of the newly elected states attorney Don Weber. This is known to be a Democrats country. Again the people have spoken and I am very sure that they have been heard.

First many of us black are wondering about the newly-elected President, will he forget about us or will he continue to support programs that will help the blacks, and minority, or will he tell but first we will have to pray to God that he will be fair and that the people would give him a chance.

I can see a plus for the gain of blacks support if the Republicans can help the minority of blacks in the Madison County area and through our America, I believe strongly in the person or party that take care of the people regardless

of being a Democrat or Republican. Right now I can see that the newly-elected states attorney Don Weber is heading in the right direction in his promise of having the first black prosecutor appointed in the whole Madison County.

This will be history making, it is shame that all these many years that the Democrats have been in power in that office, it had to take a Republican to give a black a chance at an high office.

Black voters for now on we should be careful for whom we support, because too many people have been put in office and have for gotten about us and won't even consider none of our professional blacks in top office. If Mr. Weber keeps his promise and does his job I can see nothing but success for him in the future.

Auto emission checks sought

By RAY SERATI

SPRINGFIELD — There is a chance the Illinois Legislature will once again try to pass legislation requiring auto emissions inspections this fall.

This last spring similar legislation that would have required such a program for Chicago and the area surrounding it, commonly referred to as the Chicago metro area, and the East St. Louis area was held up in the House. Shortly after the measure was defeated in the House, the House sponsor, Rep. J.T. Meyer, R-Chicago, reintroduced the measure. The bill (HB 3616) could be acted upon this fall when the General Assembly returns to work after the Nov. 4 general elections.

The Illinois Environmental Protection Agency (EPA) has had discussions with the federal government dealing with the formation of a vehicle emissions testing program. Federal officials have been pushing Illinois to establish such a program. When he was trying to win passage of the bill this spring, Meyer said, Colorado lost some federal funds when its legislature did not pass the necessary implementing legislation.

Legislators from the area around Chicago, and some from the East St. Louis area bitterly attacked the bill. The House members from the two areas teamed

up and managed to block it, with additional support from the proponents of the bill maintained Illinois needed the legislation because highway funds could be cut because the state would be in violation of federal clear air standards.

Under the proposed bill the EPA would have the responsibility of establishing the cost to cover the administration of the program. Vehicle owners could be charged possibly up to \$10 to help cover administrative costs. The money collected would go to a special fund. Opponents maintained the fee will rise above the \$10 level.

Gasoline-powered vehicles not meeting auto emissions standards could be forced off the highway until objections are repaired. The testing would be a yearly program. Such a program could also give Illinois additional time to meet other air quality standards established for the two population areas of Illinois.

If the Legislature does not act this fall on the measure it will surely come up again next spring.

Another feature built into the pending legislation is that it would allow the secretary of state's office to withhold license plate renewal stickers from vehicles that do not meet the emissions test.

GC School Board approves purchase of building lots

By DONNA HARTWICK
of the Press-Record

Approval to purchase two building lots in the Lueder's Park Estates subdivision at a total cost of \$30,000 for construction of another house by the district's building trades program, was given by the Granite City Board of Education Tuesday night.

Thomas Holloway, director of Vocational & Career Education, made the purchase request, pointing out that lots in residential areas which will offer good drainage and easy access by the vocational shuttle bus from both high schools are difficult to find at a reasonable price.

Consideration also must be given on the locations for resale, of the completed student project, Holloway added.

In other business, Superintendent of Schools B.J. Davis announced that a public auction to try and sell Stallings School was held Friday, Oct. 31, with no one bidding on the building.

With the school district's financial problems, an alternative move could be to rent the building until a sale can be finalized on the property, Davis said. There was no final decision by board members, as the superintendent is to seek information prior to the next regular meeting on the feasibility of renting the building.

A delegation of parents and children from the Washington School area attended the meeting for the formal presentation of a Spirit Bell, reclaimed from the attic of Washington School, which will be used as a traveling trophy between South and North High School.

A cumulative point system on varsity events at both high schools will be recorded, and at the end of each school year, the high school which has attained the highest number of points will possess the bell for the forthcoming school year, it was announced.

The bell originally rang to sound the opening hour of classes at Washington School.

Mary Geroff was hired for the remainder of the semester as a Title I teacher at Logan School.

A new marquee, to be paid for by the Boosters Club of North High School, and to be erected at the entrance of the North High School parking lot, was accepted by the board, with plans for installation to proceed immediately.

The marquee will be constructed on heavy polished steel frame with a plastic insert, displaying the name of the school in illuminating letters, which can be seen at night.

In an effort to find a solution to funding the building maintenance program in the school district, since the bond issue was not accepted by the voters, Superintendent B.J. Davis submitted proposals for the board to study.

Davis said the Fire Prevention & Safety Bonds reference to Illinois Revised Statutes (1979), Chapter 122, 17-2a, states, "Where there are insufficient funds available in the operation, building and maintenance fund of a district, the board of education may by resolution, borrow money

Included in his report were details on transferring funds from the educational fund. When a district's assessed valuation in any year is below the total assessed valuation in the district in 1969, the district may transfer from the educational fund in an amount up to 30 percent of the tax actually received in the year previous to the transfer, he said.

The total assessed valuation in 1969 was \$224,264,383. Assessed valuation in 1979 was \$167,324,170 and the district collected \$702,503 from taxes. Based on the above statement, the district could transfer \$210,750 from the educational fund to the building fund, he explained.

Board members agreed to hold a special meeting for the sole purpose of studying the recommendations and try to find a reasonable solution to the financial problems in maintaining the schools. A date for the special session will be determined at the next regular meeting on Nov. 18.

Cracks are costly. Caulking is cheap.

Houses tend to settle as they grow older. When they do, tiny cracks open around door and window frames. A few of these cracks let as much cold air into your house as a partly opened window. And there goes the heating bill!

Sealing those cracks with caulking is an easy, inexpensive, do-it-yourself job. A caulking gun is best, but you can also use caulking strips you press into place with your fingers

or a putty knife.

Your hardware dealer or home center has the "easy-to-use" materials you need, plus complete instructions. And right now is the best time of year to caulk your home and stop those costly air leaks.

Caulking, plus adequate insulation and weatherstripping, will pay off in energy and dollars saved. For more information, call our Energy Use Advisor.

- at corners, where wall meets wall

BAC defends
pay as highest
in this state

At a press conference this afternoon on the eight-day-old faculty strike, Belleville Area College spokesmen said their faculty is the highest paid of all the Illinois community college faculties. Negotiations are stalled at present, a federal mediator having said talks would be "senseless" in view of current conditions.

About 83 represented by the American Association of University Professors are striking out of a total staff of 130. Aided by part-time teachers, the college says it has been able to continue about 60 percent of the normal class schedule.

BAC representatives said today that the median salary in this district is more than \$7,000 above the median community college faculty salary in this state, and the workload is "average or very low" compared to the statewide picture, varying depending on the particular department.

"Only at the Chicago City College, of all 39 Illinois college systems, is there a lower overall faculty workload," a spokesman said.

"The BAC board believes that the relative workload should have a relationship to the salaries paid."

"Under the offer by the board, the median pay for the BAC faculty would be \$3,000 a year, and the highest \$50,000. To earn this, the heaviest workload would be 32½ hours a week, including 27½ hours of teaching and five office hours."

"Under this offer, no full-time faculty members would lose their jobs."

A faculty spokesman said last week the strike issues are "faculty rights and layoffs of 14 instructors."

The college spokesmen today were critical of the AAUP chapter for agreeing to a "cooling off period" of Oct. 30 to Nov. 13 and then going on strike Nov. 3. They termed it "bad faith bargaining."

The college began exploring ways of avoiding a revenue-expenditure imbalance during the 1979-80 year and sought greater flexibility in assigning classes to teachers. Faculty

members objected that some would receive too heavy a workload.

Donald Libby, spokesman for the strikers, said during the weekend that faculty members expect to be fired soon. College officials stressed today that no full-time teachers need to lose their jobs.

Libby said the chapter hopes to get a loan of \$5,000 this week from the AAUP to pay health insurance premiums; otherwise, the insurance is to be canceled if they fail to work.

School board approves bills

The Granite City Board of Education has approved bills totaling \$27,156 from the educational fund, \$1,449 from federal funds, \$105,792 from the building fund, \$2,552 from the joint-agreement fund and \$14,303 from the transportation fund.

Also approved were bills in excess of policy in the amount of \$1,489 to Collinsville Equipment Co. The two invoices, for \$905 and \$203, were for repairs to the South high school tractor. The transmission of the tractor broke three months after the one-year warranty expired. International Harvester supplied the gears at no cost, but the school district had to pay labor costs.

Another invoice for \$680 was for repair to the power take-off and front wheel bearings on North high school's tractor, Ronald Landman, maintenance supervisor explained.

Contracts were awarded to various companies submitting low bids for equipment and materials needed.

For calendar stands and refills, Buschart Brothers was the low bidder at \$183. For the building trades, heating and air conditioning, low bidders were Brauer Supply, \$972, and Crescent Parts and Equipment, \$1,680.

The magazine contract was awarded to the Moore-Cottrell Agency on a bid of \$5,941; the door mats and safety materials contract went to Industrial Soap Co. for \$1,148, and anti-freeze contracts were awarded to A. H. Sales, Inc. for \$16 and Houser Automotive for \$221.

In other business, the board approved additions to the Vocational Advisory Council of Steve Brown from Granite City Steel, Mrs. Regina Einig from the Illinois Business & Technical School, Virginia Harrell, employed in the office of Dr. Popovic, Donald Gerstenecker of the Carpenters' District Council and Mrs. Lois Woods, lead cook at South high school.

Additions to the off-campus advisory committee

approved during the meeting included Sheryl Evans, a counselor at South; Bill Monical, executive director of the local Boy Scout office, and Al Rowden, a counselor at North high school.

Board members consented to the following organizations using various school facilities, with charges for costs incurred and following board policy and proper insurance.

They included: St. Margaret Mary School's request to use the gymnasium of Niedringhaus and Mitchell schools for basketball practice; Bethel Chapel Pentecostal Church to use Fraxther School cafeteria for a Thanksgiving Fellowship meeting on Nov. 27; and the Management Club of Granite City Steel to use Nameoki School gym on Dec. 20 for a children's Christmas party.

Also, Granite City Steel Employees' Federal Credit Union to use South auditorium and cafeteria for annual meeting on Jan. 25.

Gifts accepted by the board were from the Logan School PTA, which donated a stereo record player for use

at Logan School, and from the district office of Church's Fried Chicken, Inc., who offered the school district two used refrigeration units for use in the Vocational heating and air conditioning class.

Cub Pack 109 also offered to donate a flowering peach tree to Lake School and have the scouts plant it on the school site.

The Illinois Association of School Boards (ISAB) will host a workshop on basic bargaining and on policy at the annual meeting in Chicago, Nov. 21 and Nov. 22. Cost is \$15 per person and registration must be received before Nov. 17. It was noted Board members were invited to sign up for the event.

The Madison County lead project was given permission by board members to screen the children in preschool classes for lead poisoning. The test will consist of pricking the finger to obtain a capillary blood sample. Each child, who was given an elevated lead level, the board noted,

Professor studying Saturn

An aerospace education teacher at Southern Illinois University at Edwardsville will be among the first persons on Earth to see closeup pictures of Saturn from Voyager 1 this week.

Robert Williams, associate professor of elementary and early childhood education, is attending the Saturn Encounter Conference at the Jet Propulsion Laboratory at the California Institute of Technology in Pasadena, where the first pictures will be received. He arrived there yesterday and will return Wednesday.

The invitation, to be a part of "mankind's closest encounter with the ringed planet," was extended by the National Aeronautics and Space Administration (NASA). Williams, who

teaches one of the best-known aerospace classes for teachers in Illinois, said he will incorporate the Saturn information in his regular space education activities.

Students in his classes typically learn the basics of flight by making paper airplanes, packaging eggs for sack landings and by flying to the Smithsonian Institution in Washington, D.C., to complete research. Williams plans to lead a seminar for SIUE faculty members interested in the Saturn pictures Dec. 8.

Persons interested in seeing the same Saturn pictures may check cable television listings for dates. Pictures and videotapes will be available from NASA in some areas.

THE MALE DELIVERY, well-known area Barbershop Quartet, duplicated in every detail a scene from the front cover of the 1936 Saturday Evening Post Magazine for their performance at the Illinois District contest held in Rockford, Ill. The Norman Rockwell creation was copied with clothing, expression, stance and makeup. From left, Rich Pilch, Bob Cernal, Wayne Bradshaw and Al Mueller. The latter went to the extreme for the performance by shaving off half of his beard to match the replica of the cover. To complete the presentation the quartet painted a sheet in color and every feature to correspond to the magazine cover, for its backdrop on stage.

Reformer to speak at SIU

James Avery Joyce, international civil libertarian and social reformer, will discuss the politics of human rights in a public forum tomorrow at Southern Illinois University at Edwardsville.

The session, sponsored by the SIUE department of government and public affairs, is free and open to the public at 3 p.m. in the Peck Building, Room 402.

Joyce believes the world has turned the corner and is tentatively approaching a new era of human freedom. In his book, "The New Politics of Human Rights," he says governments are finally being forced to act.

As proof, he cites the success of the 100,000-member Amnesty International and the long-assailed United Nations Human Rights Commission for mobilizing worldwide action and opinion against political torture and politically-imposed misery and suffering.

The book is one of several the international lawyer has written on human rights and international justice.

Joyce studied at the post-graduate School of International Studies in Geneva after completing a degree with honors in political science at the London School of Economics. He formerly served with the International Labour Organization and currently is a consultant to the United Nations in Geneva and UNESCO in Paris.

Additional information on his visit may be obtained by calling the department office at 1-692-3572.

Venice school progress will be topic of hearing

The public hearing, on submission of a Title VI proposal for 1979, Community Unit School District 3 will be held on Wednesday, Nov. 12, at 7 p.m. in the school library, according to Mrs. Althea A. Cross, director.

Members of the District-wide Advisory Council will be present at the meeting with the officers, Mrs. Charlotte Dilday, chairman, Mrs. Gussie Glasper, co-chairman, Miss Barbara Bailey, secretary, and Mrs. Rogers Melford, assistant secretary.

The proposal for 1981-82 will center around linking the Venice desegregation plan to in-service staff development in human relations and communication, student punctuality and regularity in attendance, and career education.

Staff members will present a capsule report of the present program as it has progressed so far. They are Mrs. Linda Cottrell, human relations specialist, Mrs. Georgia Falwell, counselor, Mrs. Rogers Melford, home and school coordinator, and Mrs. Grattana Ponce, counselor.

The Title VI Emergency

School Aid Act, a section of the educational Amendment of 1978, provides financial assistance to meet special needs incident to the elimination of minority group segregation and discrimination among students and faculty in elementary and secondary schools.

The act also seeks to encourage the voluntary elimination, reduction or prevention of minority group isolation in elementary and secondary schools having substantial proportions of minority students.

All interested residents are invited to attend, Mrs. Cross said.
